

Valentine's Day – 14 February 2021

What a great opportunity to let our neighbours and colleagues know they are loved – especially by God!

Lots of ideas overleaf....

Ideas to share love on Valentine's Day

- Why not **decorate your window** – like we did during Advent – with a declaration of love? It could simply say ‘you are loved’ or it could include something from the Bible – the choice is yours
- **Share the love down your street** with posters or balloons or pictures telling people that they are loved. Hang hearts in windows, on front doors, in trees and hedges
Choose a particular route and cover it in love....
 - The way to the park, shops or local school
 - The streets around the hospital could have an amazing impact– so that as many people as possible who work at The Royal Derby can know they are loved and appreciated.
 - If you would like to form or join a street decorating team, please speak to Rachael.
- **Send a card** to someone you know is lonely, or who finds Valentines Day difficult, or to whom you'd like to express thanks
- **Share God's love too** – don't forget to say “God loves you” in the midst of all the other messages.
